Do you have Barry Stein's e-mail? I asked DOI for a copy of the federal lands map they had and was told to ask Barry. I have a call into him but e-mail might help.

Thanks, Gail. I think that's right, and am already at work on the CD revision. I'm starting from a clean copy of your last mark-up, unless the comment is modified or rejected as the redline will reflect.

CONFIDENTIAL SETTLEMENT COMMUNICATION

Cliff and Darrell.

Bob and I are sending this email with a list of items that EPA and/or the State agreed to provide to the railroads in connection with our ongoing negotiations regarding a consent decree and statement of work for this Site.

- 1. The State-EPA cooperative agreement, which we understand addresses the residential yard cleanups among other things.
- 2. The State's language regarding the effect of a consent decree/covenant not to sue that was discussed on Thursday. Darrell was going to provide this.
- 3. The definition of "concentrate" to be used in the SOW. EPA was going to provide this.
- 4. A map showing the locations of completed and planned residential yard cleanups within this Site. Nick said that he had such a map.
- 5. Details of the "Bunker Hill area of drilling concern" that is described in the Basin ROD including geographic scope and limitations on drilling and use of groundwater.
- 6. Narrative on objectives for the Hercules Mill Element of Work in the SOW. EPA to provide.
- 7. Further definition/description of the Basin Property Remediation Program to include in the CD and SOW. Nick and Darrell were going to provide this.

We are working on a revision of the draft SOW and understand that Cliff is working on a revision of the draft CD. Bob and I look forward to future discussions regarding those documents.

Thanks.
